

## School Board Voting 2020

We are very fortunate to have three parents who have put their hand up to join the school board, for one of two vacant positions and we strongly encourage you all to vote. Each parent or carer with current students attending our school is eligible to vote ONCE in the School Board Election for a parent representative.

Below is the information on each nominee. Your vote will be conducted electronically. The link to vote will be emailed out to all family representatives with a unique code.

While we hope that this electronic voting method enables each registered parent or carer the means to vote, it is important to state that there are other options. If you experience any problems with the election process online, or wish to vote via paper, please contact the principal and a ballot paper copy will be provided in hard form.

For obvious reasons, it is important that the election is a fair process and that each parent only votes once. The returning officer is Mr Wally Malanczak who is a member of staff and independent of the board.

We thank the parents who have nominated themselves for election. Irrespective of the outcome of the election, it is appreciated by the board that these parents have nominated and volunteered their time and expertise to our school.

**To place your vote, please check the email of the family representative and use your unique code.**

**Voting will close on Friday 3pm 23 October 2020.**
